GOLDEN MOUNTAIN RUN

Wide Open Design is really proud to present the kick off event at

Golden Mountain Speedway and Off Road Park.

Golden Mountain is one heck of a great place to wheel on the east coast. Back open officially for the first time since 2018. This is going to be an event to remember!

People that have been to the park before are chomping at the bit to come back, so if you have never been there, take the opportunity to get your tickets now!

This is not a grand re-opening of the park. It is a single event.

I hope the wheeling community can use this event to come see what Golden Mountain is all about and show the new property owners that the wheeling community will show up and show out when they let us in at this awesome venue.

There will be food trucks there all weekend, in addition to on-site restrooms, and plenty of parking for dry camping. Expect this event to be packed with wheeling, camping, good folks, and more wheeling!

This event is going to be limited to 500 drivers. As of now there are 220 drivers signed up for the event already. This event **WILL SELL OUT!!!**

A lot of you guys always ask how to wheel with the guys from Wide Open Design, so come hang out and show up for a great cause of opening a great park back up.

I really hope to turn this into an annual event, and there is only one chance at being at the very first of anything!

DO NOT WAIT to book those driver spots. We will accommodate as many passengers as want to come.

- Adam Woodlee
